DOCUMENTATION:

For Sal-Tech Easy Packaging delivered equipment, we undertake to keep your documentation updated; new electronic releases are published as they are released. For foreign equipment, it is the responsibility of the Service Client to allow Sal-Tech Easy Packaging to receive an electronic copy of existing documentation

ENVIRONMENTAL WARRANTY:	Sal-Tech Easy Packaging is committed to ensuring that service is performed within in the regulatory and social requirements through technical development. This means that all products we use in connection with service have a clear and described environmental impact and we in Sal-Tech Easy Packaging always choose the most environmentally friendly solution. Environmental guarantee is in accordance with applicable legislations in support of the Norwegian Inspectorate's ongoing supervision.
MONITORING:	Inspection shall be made yearly, with 12 months interval from receipt of the equipment by the client. Each inspection includes: <ul style="list-style-type: none">• Cleaning and lubrication of the equipment;• Adjustment, testing and control of all functions of said equipment;• Replacement of wearing, dysfunctional, or non-operational parts;• Clarification of possible repair needs, as well as planning of any to necessary main parts, with the aim of ensuring high uptime as well as safety and environmental responsibility for the machines; and• Safety, environmental, functional and capacity control as well as reporting. All reporting shall be electronic.
TRANSPORTATION	Transportation fee for inspection is included, whilst service on call will be invoiced according to hours and kilometers used
CONSUMPTION MATERIALS	Consumption and consumables in the completion of inspection and service are not included.
RESERVATION	Upon inspection, should there be a need to replace a spare part of the equipment; a discount of ten percent (10%) will be given on the spare part purchased, which will be under warranty. Spare parts for foreign machines that we are unable to provide will be recommended, which will be the Client's own responsibility to replace.
REPAIR, MONITORING AND QUERIES	Repair fees of the above machines will be the current hourly rate with 10% discount. Warranty repair is included in accordance with Sal-Tech standard sales and delivery terms.
OVERTIME	Work outside standard working hours will be billed at the current rate with 10% discount on overtime hours. Standard working hours: Monday to Thursday: 8:00 to 17:00, Friday 8:00 to 15:00 and maximum 7.5 hours per day.
PACKAGING MATERIALS:	This shall be conditional on packaging materials supplied by Sal-Tech Easy Packaging. We may decide to disregard this provision in special circumstances. Such withdrawal must be confirmed in writing by Sal-Tech Easy Packaging.
THE CONTRACT DOES NOT COVER	
CALCULATION	Emergency calls in addition to regular service inspection are not included. However, service calls made in our general schedule are included so that the transportation fee is set at a special rate of 450,- DKK regardless of driving zone. We are obliged to post in our planning so This repair service will be delayed within 5 working days after submission. Removal of service as a general emergency service and invoicing of IHT. The usual rates, with the discounts stated in the contract shall apply.
OTHER EXCLUSIONS	The contract does not cover damages due to violence, overload, malfunction and use of non-genuine spare parts and materials, as well as faults in fixed installations, faulty internal fuses and other results of negligence and neglectful use of the Client
DAILY MAINTANANCE	Daily cleaning and supervision is carried out by the operator / user. Ongoing replacement of simple parts is made by the Client himself. Service contracts do not cover training of personnel. It is the responsibility of the customer / operator to review manuals and ensure the necessary training of service personnel. Sal-Tech Easy Packaging can provide training on request.
COLLECTION	For contract sum and price basis, see page 1 of contract
REGULATION	The contract is invoiced upon agreement and covers the following period, but is invoiced at a time if the form of this settlement is chosen. The price is based on the consumer price index, which as of April 2012 is at 129.00. All prices must be added to VAT. Contract prices are not set as basis. Periodical adjustments to the amount are made for the coming period. Regulation by consumer price index 2000 = 100
EFFECTIVITY:	
DATE	The contract enters into force upon payment of invoice and is valid for period as stated on invoice. The contract is renewed only automatically in case we have a signed contract return. If you wish for a 2 year agreement, a regulatory invoice will be issued upon receipt of signed contract. If payment invoice is not accepted, it will automatically be credited after 30 days.
TERMINATION	The contract can be terminated with notice minimum 2 month before the new invoice period commences. No credit note is issued for paid periods. The contract cannot be terminated the first 3 years.
OTHER CONDITIONS	Upon the entry into force of the contract, you confirm by affixing your signature that the machine / machines are fully functional. This applies only to machines and appliances that are not under warranty. Our terms of sale and delivery can be viewed at saltech.com.
CONTRACT ACCEPTANCE	Contract is submitted electronically, after which Client will be asked to print a copy, to be signed and returned to our administration by scanned copy to our email address at support@saltech.com. The contract will run until terminated and an automatic invoice will be issued for the next period.
